Policies connect the mission of the Library to individual conduct, clarify organizational expectations, support compliance with rules, laws and regulations, mitigate risk, and enhance productivity and efficiency of Library operations.

Applicability

Policies apply to all individuals and entities using Library resources.

Policy Development

Policies are developed jointly by the Board of Library Trustees and the Library Director according to generally accepted practices for public libraries, and state and Federal statutes and regulations. Library staff and the public may formally comment on existing and proposed policies at regularly scheduled open meetings of the Board of Library Trustees.

Policy Review

Proposed new policies are reviewed by the Board of Library Trustees at regularly scheduled open meetings. In an emergency, the Board may announce and convene an off-schedule meeting to discuss, update and/or adopt policy.

Policy Adoption and Publication

Policies are adopted by vote of the Board of Library Trustees, and are posted to the Library website at: <https://norfolkpl.org/about/policies/>
